

Geology

Name: _____

Date: _____

Earth's Layers

Label each layer and write a short description of each (how deep it is, what it's made of, etc.). Then, color each layer a different color.

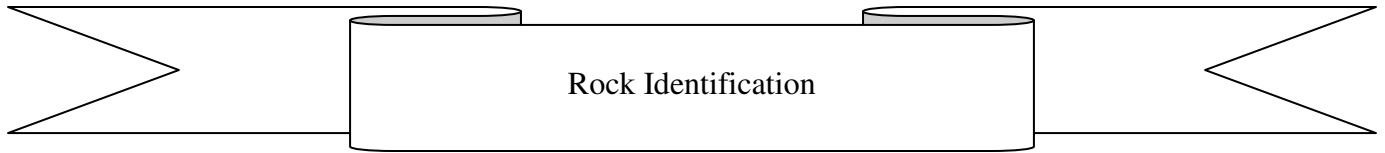

Geysers & Hot Springs

How do Hot Springs and Geysers form?

What makes Geysers different from other Hot Springs?

Name and describe other types of Hot Springs.

Go on a rock hunt. Find at least 5 different rocks. Identify the rocks, using a Field Guide or other resource. Record your findings. Include a physical description of each of your rocks and where you found them.

A large rectangular area with horizontal lines for writing, intended for recording findings from a rock hunt.

Explain what causes a volcano to erupt and what happens during an eruption

A large rectangular area with a thin orange border, containing 25 horizontal black lines for writing.
